# DSVLine Estetica avanzata

Il modo migliore per spiegare estetica avanzata antiage e rassodante, offerta dalla DSVLine, è quello di far parlare direttamente loro!

Qui sotto alcuni estratti dal loro sito che meglio racchiudono tutte le informazioni essenziali.

DS V-LINE

HOMEABOUT ▼WORKSHOPOUR TRAININGS ▼PRODUCT SHOP ▼CORPORATE ▼BLOG

DS V-LINE is an international binding academy with experts in more than 50 countries headquartered in South Korea, Germany, and Turkey.

This academy, which brings together the best skin experts in the world, has implemented the collagen rope protocol developed as a result of long clinical studies in Germany in 2020.

The content of the protocol was created by the founder of the company, Dilay Şahin.

Since **DS V-LINE** has trained thousands of experts and masters, it has had the opportunity to introduce the collagen rope protocol in various ways. This has led to the international recognition of the binding academy. At the same time, as the leader of the beauty industry, it offers the latest and most effective trend products to consumers.

Thanks to the importance it attaches to customer satisfaction and training, DS V-LINE aims to continuously improve based on the feedback it receives. Its main purpose is to accurately determine the needs of the clients and offer permanent solutions. In addition, it continues to innovate beyond the existing options in line with the experience it has gained.

FIRST TECHNIQUE LAUNCHED

## 2019

After 10 years of experience in the beauty industry and becoming confident about our techniques, we turn our techniques into a product and we called them DS V-LINE technique.

Our first technique, Collagen Thread technique, gained extensive popularity in 9 countries in the same year of its launch.
